MY DEAREST ONE

There are no words to express,
How much I truly CARE,
So many times I fantasize of feelings we CAN share,
MY Heart HAS Never Know,
The JOY You Bring to me,
as if GOD KNEW what I wanted,
and made You A Reality,
I'd die too Hold You or too Kiss You or merely to see YOUR face,
MY Stomach GIVE'S my Body shivers,
MY Heart increases pace,
Too Give me \$ OR Lot\$ of Gold,
Would not Be the same to me,
I Prayed and watched the distant,
STARS AND Finally you come true.

24 things TO Remember

Your Presence is A Present TO The World,
Your unique and one of a Kind,
Your LIFE CAN BE What You WANT it to BE,
TAKE The days just one at a time,
COUNT Your Blessings NOT Your troubles,
Within You are so many answers,
Understand Have courage BE strong,
Dont Put Limits on Yourself,
So many Dreams are waiting to Be Realized,
Decisions are too important to Leave to chance,
Reach for YOUR peak, your goal, your PRize,
Nothing wastes more energy than worrying,
The Longer one carries a problem The Heavier it gets,
Dont take things too seriously,
Live A Life of serenity,
Not A Life of Regrets,
Remember that A Little Love gose along way,
Remember that A Lot, gose forever,
Remember that friendship is A wise investment,
Realize that it's never too Late,
Do ORDINARY things in an extraordinary way,
HAVE Health and HOPE and HAPPINESS,
TAKE time to Wish UPON A STAR,
AND Dont EVER forget for even a DAY,
How very special You are.

PARTICLES of Beauty

Maricela ♡

Breath TAKING You are ♡
UPON Your Luscious hair,
MY Heart CAN Climb and Reach a STAR,
Your LIPS are as SHARP AS the MOON TIPS,
That cut through the night sky,
EVEN PRISON BARS,

Maricela ♡

O'How I CAN see,
How Beautiful You ARE,
Your eyes is twin planets Scientist Haven't Yet found,
Your words TRAVEL faster than the speed of Light,
AND create A NEW sound,
How IS that I CAN HEAR You so far underground,
Before I close you should know,
That Every article and particle of your Beauty,
Was made TO EXIST in time and space,
JUST FOR ME CUTTIE 😊.

NO Pain NO Gain

IF its no pain its no gain,
you wont no,

IF you truly Love the one you claim you Love,
So much pain there the Gain But I NO,
That I truly Love The one I CLAIM I Love,
I feel the love and pain at the sametime,
How Im Jelous tripping off the things that ant mine,
Jelousy is Love and ~~Hope~~ At the sametime,

DRAK SAID it,
and I heard it threw the GRAPE vine,
(Yea) I heard it threw the GRAPE vine,
That's why I'm hurt cuz I Feel that your still mine,
And even Doe I Feel Like that you cross the lines,
YOUR FACE in my heart and it still Shine,
I'm going Blind cause you ant even Here,
We apart Be I been Looking For you all year,
I Shed A TEAR its No one hear,
I wished I never walked away.

LOVE is

Love is just A four Letter word so It is said,
Some people might even say it's just in your Head,
But Love is much more than that,
Love is what you feel when the good Lord sustain you,
When the whole wide world has turned their BACK,
Love is your bright Light when its DARK,
Your joy, happiness; Like when a child plays at the park,
Love is you and Love is me
Sometimes Love CAN be a mile deep,
and Last for an eternity,
So whom ever you are,
Never forget to Always show,
Your Love and you will certainly be blessed,
by The good Lord FROM above,

MY DAD

It wasn't very long ago,
When I was very small,
While sitting in a juvey cell,
My father's name I'd call,
I'd call out to my DAD Above,
I knew that's where he'd gone,
Though he never seemed to answer back,
I knew I was not wrong,
I never really understood,
Just why he had to go,
And now one day I missed him so,
~~AND THEN~~ one day inside a church,
I heard the pastor say,
"We're only passing through this world,"
But Jesus is the way,
Well that was all it took for me,
To give up being sad,
I'd heard that same advice,
You see I'd heard it from my dad.

Silent

Gliding through the night I stalk my prey,
Blending in with the crow & shadow's I make my way,
Unknow and unseen I pull BACK my Hammer on my 9mm,
With A string of guts on my Hoodie,
Deep into the spot that brings my prey out to me,
No other work like this on the spot I found,
A mighty warrior I am with many croup that are know,
I thank my prey spirit as it departs it's Home,
Something must die so there family may Live,
It's part of mother nature,
Some take, some give,
Silent wind is mother nature,
Mother earth love's you,
Embrace you do hold,
Mother Nature protect's the Brave and the Bold,
But one day you'll lay like the prey at my feet,
No longer A warrior, your Body the earth will eat,
To continue the cycle from cradle to grave,
We're part of mother nature,
This is her way just like winter bring's spring, summer and fall,
It's your way,
It's my way,
As it is for us All.

Dream

I once had a dream,
I was Half INDIAN & HALF pitbull,
with tattoos & warpaint and cold as the night,
I rainedanced Barefeet & ghostdanced with Death,
But never once half-stepped or turned down A fight,
I got with the time and got me some sneakers,
I slid through the streets with "OG" coded,
mad I crumbled some rock steady eatin off Knocks,
I blew through the Backwoods and got hella cloudy,
AND shot Like A STAR that got lost till I found,
That the Higher I got the more STARS there were shooting,
So faded and strung out I crashed to the ground,
tripping I bumped into some random STRANGER,
That fool got hot and reached under his vest,
clutching I left off a single shoot,
Now I HAVE A T-SHIRT,
IN peace may he Rest,
buried alive in the sould,
Killing nightmare of concrete and steel that I bough with my pride,
I wonder if someday I'll wake up a free man and Dream of the Life that I left
here inside.

Rock

Third Rock from the sun,
As I walk through an ocean of grass,
Touching every blade in my way,
Looking up in the air of gas,
Knowing god created this DAY,
I wonder what making is worth,
and why we ignore the signs,
of the plundered, dying garth,
full of untouch brines,
Earth is a gift to mankind,
but we are talking all it's gold,
It's silver and anything we find,
become over treasure we behold,
One day we'll look back and see,
that we are killing for fun,
The gifts god gave to you and me,
Earth the third Rock from the sun.
