So What

I don't talk to you
So what

I'm not a social butterfly
So what

I'm not pressed
So what

I'm good with me
So leave me be.

Crazy?

We're the ones that are crazy
because we ask questions
we're the ones that are crazy
because we're not sheep
we're the ones that are crazy
because we don't blindly follow
we're the ones that are crazy
because we think for ourselves
we're the ones that are crazy
because we control our fates
we're the ones that are crazy?
Really?!?

Thomas Davis 3

~~Thomas Davis 3~~

We Are

we are all connected
we are all the same
we are all the same energy
we are one
we make our own choices
we make our own mistakes
we know right from wrong
we are our own gods
we have free will.

I'll Never Understand

I'll never understand
why people are racist
we're all human

I'll never understand
why people are sexist
it takes both sexes

for humanity to continue

I'll never understand
why people hate each other
over their beliefs

We all have our own opinions
we're all human

we're all the same

love one another

and never go insane.

"She"

She'd do anything for a little attention
I'd give it all to her
for her love
all the people hated
'cause I'm white
so they started rumors
when I questioned her
she said they weren't true
but I fell back anyway
I should've stayed
and saw through
all the bullshit
cause that's what they wanted
me out of the picture
and then they stayed in her face
all the time
'cause I like them one on ones
and they wanted to stop that
but they didn't stop shit
I did it to myself
fell back too much
but still talked to her here and there
one on one
but now she's gone
and all I want is still her.

Thomas Davis 6

"Envy"

It's like trying to do good
someone's always trying to get in the way
and make you snap
'cause they don't want to see you doing good
'cause they ain't
they hate to see you being positive
'cause they're stuck always being negative
they don't wanna just let you live
'cause they're already dead
they hate themselves
cause they secretly want to be
positive, happy, and free
like you
they don't understand
that they can too
just like you
all they have to do
is free their minds
and wake up.

Farewell

She talked to too many people
she should've just talked to me
'cause they're liars
and I'm honest
why couldn't she just see
they started rumors
and she said they weren't true
but still kept talking to them
and still acted like she wanted me too
I don't think she knew what to do
she's gone now
but my heart beats for her
my mind screams for her
the last time I saw her
I wished her the best
she thanked me
and later that day
walked by me
and stuck her bottom lip out at me
like she knew I was sad
and maybe she is too.

Decide

Noone has one hundred percent freedom
slavery is very real
but noone is one hundred percent enslaved
because we have free-will.

Thomas Davis 9

Trying To Replace
Was it all a dream
I try to replace the feeling
different girls
different faces
none of them you
all the chasing
all the waiting
none of them you
we never got the happy ending
we should have
where are you?

Thomas Davis 10

R.I.P. Alexandria

You were the first girl I ever truly loved
you made me feel like I'd risen above
all the bad things
life threw at me
you made me see
that I could be happy
then you died thinking I'd betrayed you
but it was a lie, and a part of me died too
it was such a messed up situation
still to this day I'm starving for your affection
I hate that you died like that
I wish I could bring you back
or make you see the truth
that I was always honest with you
we could've been so happy
but instead, I'm missing you badly.

Thomas Davis

11

Injustice

Treated worse than dogs
all 'cause we broke laws
they make the public think
we got it good
but they don't let them
know the truth
they just cover it all up
from the so-called food
we're fed
to the living conditions
leaks everywhere
mildew and mold
to when they murder
and make it look like suicide
or pin it on another inmate

Thomas Davis 12

Modern Day Slavery

Three more years to go
of these same old things
wake up and be counted

then go work for free

go eat some stuff

that says not for

human consumption

on the box

all in a country

that's supposed to be free

this is America

home of slavery.

Clown

You think you got all the sense
you don't

I'm gonna make you pay a penance
you think you're gonna
steal my hustle

nape, I won't let it happen

Now you bring your
customers to me
and I get paid.

Thomas Darts 14

Silence

sitting in silence
while the world goes on
none of it phases you
not the joy
not the pleasure
not the anger
not the impotence
nothing big
nothing small
none of it matters to you
because the only thing
that did matter
you've lost
you're suffering
from a broken heart.

Thomas Davis 15

Snitch

Damn you act like the police
you think you're smart
you're not

I can see right through you
you're in tans just like me
but you're nothing like me
you're a leak

think you got all the sense
but you're just a snitch
stupid ass bitch

I see right fucking through you
I'll never fucking trust you.

Thomas Davis 16

Gods

Stop praying to the outside
start by looking inside
if you want help
you've got to help yourself
stop believing lies
and open your eyes
and wake up
open your mind up
change the way you think
and change your world
meditate, visualize,
breathe, and believe,
focus, and realize
you already have the prize
we have the power
we are all Gods!!!

Thomas Davis 17

Rebel

Shake the chains
off your brain
don't listen to the government's
lies
they use the media
and religion
to control
and manipulate through fear
to keep us enslaved
and blind
to the truths
that they cover up
quit being a sheep
be a wolf
and don't take their pills
they'll just turn you into a zombie.

Thomas Davis 18

Evil

I know I shouldn't
but I love you anyway
the things you do
the things you say
you're nothing but drama
all you do is cause problems
you start arguments
and fights
you start wars
then you call the police
and act like an innocent
bystander
when it blows up
you're Evil Incarnate
but I still love you.

Thomas Davis 19

Racists

They hate on me cause
I listen to rap music
and my skin's white
they call me a wanna-be
but really I'm just me
I'm versatile
I've got my own style
I like a lot of different
things
they hate on me 'cause
I love her
and her skin's brown
and so beautiful
I'm surrounded by racists
of all different races
it's a sad world
but I'm gonna continue to do me.

Thomas Davis 20

They Say

They say how can I hate the police
but be so in love with you
they say at the end of the day
you'll throw me
they say if it's you or me
you'll save yourself
they say you don't care about me
but talk to everybody
they say you just like attention
and don't care who you get it from
they say you smile in my face
and talk shit behind my back
well I don't care about any of that.

Thomas Davis 21

untitled

We'll never be apart
you're trapped in my heart
driving me insane
because you don't feel the same.

Soulmate

It's like my temperature rises when you're near
like I can sense your presence
I get warmer when you're close
it's kind of supernatural
my bloodpressure rises
so does my body heat
and I can feel my heartbeat.

Thomas Davis 23

You

You're like a magnet
you draw me to you
the more I talk to you
the more I want you
but I don't know what to do
'cause I'm in prison
it'll be four more ^{years} before my
sentence ends
and you said you're going back
to New York
I wish you'd move to Charleston instead
I once asked you, "what do you want
more than anything?"
Well, I want you!!!

You Don't Know

I'm tired of the struggle
I'm tired of the pain
you die just to be reborn
and do it all again
do you know how I feel
No you don't
you don't even know me
you will never know how much I care
about you
I would do anything for you
but you will never know how true
it is
you will never know how I really feel.

To You

I'm down right now girl
but I'm gonna be up soon
I've got big plans
wanna take you to the moon
you've got me ready to take on the world
to make you my girl
wanna take over everything
to make you my queen
eliminate all of our enemies
they'll never stop me
but I need love and loyalty
please don't play with me
'cause I've been hurt before
and I don't want to feel like that anymore
I've always told myself never again
but baby my heart just wants to win
I need love and affection
correction
I need you
I'm a God
be my Goddess!!!

Maddie

So you're gone now
back to Brooklyn

I'm glad I got to say goodbye
yeah, I kept it short

if I'd have stayed longer
I'd have poured my heart out
and gotten emotional
well you'll be in my heart forever

I'll always love you
these lames will just forget you
and chase the next woman that speaks to them
not me

you'll always be a part of me
all I want is you

it still remains true
and I saw you stick your lip out at me
like you were sad

well I am too baby
plus I heard you were on the phone
crying about something

I'm so sorry

I didn't even know
if I did, you know I would've been in there
to make sure you were okay

well I'm gonna get these words out
I'm gonna get published

I want the world to know
that you're all I think about
and I want you to know →

Thomas Davis 27

Maddie Cont.

when I said I love you
I meant forever
I want you to be mine baby
I ain't giving up
I'm gonna get famous
so I can let you know
how I feel
and read these poems
and hear these lyrics
and even read these novels
that you inspire
you're the muse of
'cause the majority of them are
about you
I'll ~~do~~ anything for you
even conquer the world
all I want is you girl.
