Acknowledgements

All praises are due to Allah, The Most High. Thanks to all of the people that have helped me grow into the man that I am; My mother, father, brothers, & sisters. Especially, my grandparents as well as my uncles, aunts, & cousins. Thanks to my mentors wise Allah & Now Allah for borrowing knowledge to me about my true identity, God. Which is nothing knew to humanity. Even Jesus said, "Ye are gods!" Read, Psalms 82:6-8. Thanks to all of the prophets & righteous brothers and sisters. Together, we are more powerful than any force in the universe. That's a fact! Peace to all of the Gods, Earths, Muslims, Rastas, Buddhist Monks, Gurus, etc. Special thanks to "Master Shamar Significant Allah" at the "Allah School in Mecca" in Harlem, NY. "PEACE!!" Knowledge G. a.k.a "Natural G."

Aaron C.G. Smith & Stanley Coletto, Jr.

I want to thank God, my wife/angel "Erika," and our three little angels "Victoria, Vitalia, & Lorenzo," for giving me strength and creative energy for a purposeful life. Last but not least shout-out to "Knowledge G." for the dedication, determination, & inspiration to believe in himself and others—even against all odds. "PEACE!!" Aaron C.G. Smith

Introduction

The purpose of this book is to inspire new "Profound Penmanship" in a poetic form as well as forms of creative thinking & expression. We have taken poetry to another level by using "acronymics" to express our thoughts. Also, by acknowledging that each word in every language contains art within itself. We "know" this book will inspire, comfort, and motivate your thoughts & ideas, if you reflect upon these jewels. This book is for artists of all types, and for creative thinkers who express themselves fully. Enjoy!
