How Do you fix A Bleedin Heart

How Do you fix a bleedin heart. It's been abused, spit on & Beat down. It's bleedin and torn apart. It hurts to Think about you. My heart asks for you by Name.

I look at your picture, but That's Not The same. It's like letting a homeless Man Just smell the food.

It'll Drive him Crazy. When I Think about you That's how I feel.

Do you still Care? I wonder if you still love me? is our Love still There? but fer now my question is... How Do you fix a bleedin Heart?

1 Picture

AT first I thought the man
upstairs didn't care. I thought
I lost the love of my life for
the one to be my wife. I
prayed, I begged & still she wasn't
there. The other day I got one
picture in the mail with 3
smiling faces. I hit both my
knees & thanked the good
lord that those faces had
traces of me. I thanked him
for their love, lives, and prayers.
Now they mean the world
to me. Without them I
can't live, breath or love.
I thought he didn't care
kuz he didn't answer my prayers
I thought he was being tough,
but that one picture changed
what I thought about love.
forever.

this signature & This Date I send all
my love & Seal our fate. I'm all yours
from the inside-out. Don't even Question
it. there's no Doubt. I'm speaking from the

I lost

I lost some one that was great.
She loved me more than any one else.
So it felt like fate. I'd sell my soul
for a few minutes to talk to you. one
more hug, one smile, one more I love you.
all the time I knew you felt like
a little white. When you left, I cried,
I begged god. Nothing worked. you wouldn't
know it, but I was deeply hurt. I got
fate I'll see you again. Please open
those gates mom.

my tears

I wrote your name in tears today. I couldn't think of no other way. I got a picture of you in my mind. You took up 3 hours of my time. Without you my soul has this emptiness. My heart is in pain with all this stress. My eyes are red from all these tears. They are real and not fueled by beer. If I could kiss your lips these tears would stop really quick. If I could just hold your hand any pain I'll be able to stand. Please help me with these tears and get me out of this trance. Please give my love one more chance

A Single Flower

god's beauty is never wasted, not even
in this concrete war zone. for a moment
I was free & not alone. I felt your arms
caress me. I remembered the smile on your
face. I was transported to the past a very
happy place. No pain, no chains, no number.
Everyone knew my name. I wish I could've
stayed there, my life is not the same.
I hold on to hope & try to stand tall.
Beauty is never wasted, not even behind
these concrete prison walls.

A Dream

I'm NOT M.L.K., but I also had a
Dream NOT Quite the Same Thing. I
Wanted to grow old you. Just like true
Love should. I dreamt of holding your
hand & Kissing you a millions of times.
Sex, love and intimate Moments. All
That's left is tear Drop tokens.
Are Dreams for dreamers? Are
nightmares like this for crazy things.
My dreams haven't changed. I still dream
of you thru Thick & thin. Of little Kisses
on your body & your chin. Kissn your feet,
your toes eyes & even your nose. I know
your Dreams, hopes & those you hold dear.
Next time before you go to sleep. ASK
god our love to stay Strong & keep...
I'm not A lost Dreamer, but A dream
I still have.

True love

You'll be amazed at what love can survive. Whether your a nobody or someone famous love hurts. It brings tears of happiness or scars on a wrist with pain. You might of had multiple loves, but there never the same. Love is like a fire that the rain can't stop. It can take a million drops. Love is big & little at the same time. A man said "opposites attracte!" So go figure. Love can be built up from zero. So know ya know what love can survive. Next time slow down and take your time.

Love is all we got.

Love is all we got. to some people
it's not much, but to us it's a lot. you've
learned to read in between the lines.
Thru the pain & agony, you've been there
every time. Love has taught me how
to appreciate you. To love you like a
man should. You know if this world were
mine, your love is all I'd need. I'd be
happy all the time. You came into my life
and with your love changed my world. I
hope it never stops, because love is all
we got

My Son

I only got to hold you a couple times,
AS a little boy. From prison I sent you Christmas
toys. They say you look a lot like me. I'll die
A million times before you anything like me.
You have my smile, your grandma's (my mom) eyes,
your mother's hair. It's true what they
say. Life isn't fair. You're the one thing
I wanted most in my life. I got you
and lost you all at the same time.
12 years 3 months out of 15 now that's what
they call doing time. I look at your picture
and pretend to give you hugs. At times I
put them away cuz in here there's no tears
for hugs. I got your name tattooed on my
shoulder. I love you my son. Don't ever
let go. This life has just begun

A Princess

I know a real princess, I love her
but I miss her hugs & kisses. I would
fight a wicked witch for her love.

I would slay a dragon or rob the 3 bears.
for the good stuff! I would tame the big
bad wolf. for her smile I'd drink a potion
or 2. I would climb a bean stalk and
whoop a giant. The golden goose would be
hers, if she wanted to she could let it
loose. she doesn't know the seven dwarfs.
I would do any thing for her of course.
Her name is princess turtle, I would be a
super hero for her. love you miJa. T.B.T.

The love of A mother.

The love of a Mother we cannot go without. No matter what anyone said I have no doubt. That her love is pure, her love is strong. I can't find the words to express how much I love my mom. No matter what I've done you showed me your love. Kuz I was your son. you were there when I was little. Still there that I'm grown. If this world were mine all the stars you would own. So on this blessed day I'm sorry I'm away. I love you & wish you a blessed day

I wish

I wish I had the words to tell
you I think about you during the Day. Dream
of you at night. I wish I could feel you and
kiss you. I wish I could take back that
one fight. I never wanted you to think of me
as nothing less. You and our children truly
deserve nothing but the best. I wish you
never had to see my ugly side. I always
said for my family I'm willing to die.
Now for my family I got a ride! Don't
ever be scared. Always hold your chin
up to the clouds. Family is family
there is no doubt. Let's fix our hearts
stitch by stitch. Now you know if I
had one wish.

2 Hearts Destiny

I felt it, you seen it, it happened to you
and me. The Sparks Flew, Time froze, it was
meant to be. My heart choose you. your heart
choose mine. Our love will never fade away
And to me that is just fine. your my first
real love. Our love is strong, but that you've
known all along. No matter how many miles
apart we are. I'll always love you for who you
are. your my best friend, my lover, my babys mom
Your the best thing that ever happend to me.
I wish I could write you a million love songs.
Your love is my drug. Your lips are my gold.
Those eyes, o weee they shake my soul.
Your Laughter brings out the best in me.
Now do you understand when I say
2 hearts Destiny. te-amo tiffany 5-22-11

Another holiday

Here I sit another holiday in this cage.
I would sell my soul to kiss your face.
to touch your hands and love you how just
I can. I'm going to miss so much. I'm a
miss the kids opening thier gifts and alot
of other stuff. This life is truely tuff.
No ringing in the new year. Nothing but
Cold concrete and tattad tears. NO
holiday food. NO merry Christmas Cheers.
No Christmas trees, No present, nothing
but evil seeds. So when you read
this poem kiss your kids and hold them.
Close your eyes and say a prayer.
That some how another holiday in
this hell hole I can Bare.

Blessed Day

On this Blessed Day I got to tell you.
In my heart you belong and that's where you'll
stay. If I had one wish, I would wish not
for fame or riches. but wish from you a handful
of kisses. From the first time I seen you
I needed you to be mine. You know I'll love
you till the end of time. You the mother of
my two baby angels, that like you were sent
from above. So on this blessed Day I send
all my love. My love is like the deepest ocean.

Flesh of my Flesh

No tears when you were born because I was in shock. Your Mom and me went to see you in the "N.I.C.U" block. We're 30 years apart, we got the same birthday. That first night at home I cried in the dark.

The first time I seen you, you were covered in tubes and tapes, in a plastic casket, I thought it was fate. I don't want you to be like me. I want you to be great. Like father, like son, so let's give this world a break. always remember to love and protect your sister and your mom. Please stay strong and every thing god throws at you, you can take. Stay gansta & never fake. I loved you from your first breath, to my very last one. Your flesh of my flesh, "Lion" A Aztec prince.

my son
