# TIME CRAFTED POETRY

AND FUTURE FAMOUS QUOTES

after 2016 April, write to: PO Box 1275, Rosamond  
California. 93560.

Although it may not look the same as prose writing, and reads differently; Poetry is still written for the purpose of communication. The poet is communicating ideas and feelings. The following poetry is time crafted because all of it has been written from prison or jail; while doing time.

Thank you for having me on your web site; and for having me as your guest speaker. It should always be an honor to be a guest. I recall visiting my mothers sister. I was very young, yet identified the experience of immense honor and dignity. My aunts love is proved by these feelings. We were always welcomed. It was easy to identify the privilege of being a guest.

I experience a similar sensation to think that my writing will be observed; especially by knowledgeable literary under standings. It has been said that the

difference between fiction and literature is that: with fiction, the author stands above the writing; but with literature the writing stands above the author. Poetry is literature. It has more meaning than a fairy tale because it usually will speak of a concrete, historical event in an abstract but tangible form. Having said this I will let the following works be my voice...

There is more work besides the following. This is, at home in California, a book that is titled "Overstone Waters". Feel free to contact me at the address above.

Title: LITTLE BROTHER

Listen up little Brother  
Drink from your own cup  
You have a long life to lead  
Stay true don't foul it up

So many men will hope to tell you  
Away they think you should go  
But you will do what is right I trust  
Only hold up below their throws

You may think that I am one  
To offer this kind advice  
But I have learned the hard way  
And our Good Lord knows I'm right

So please take heed to listen  
To these words I pray  
So you will know just what to do  
When troubles march your way

Watchout for the high crowd  
Never allow slack  
They will s[i]mile to your face  
While stabbing you in the back

Title: LITTLE BROTHER (cont.)

TRUE FRIENDS are rarely heeded  
And very seldom found  
But once honored as needed  
They're always around

So remember this my friend  
The best I'll ever have  
When Jesus Christ is behind you  
Don't sweat being stabbed.

Title: Ole Poets Pen

It was nearly nearly empty  
The Ole Poets pen  
Where orange inspirations  
Fueled again  
An everdraining ink  
onto pages  
I learned to think  
contrasting opposites  
With each new line kindled  
Another nip is Brindled  
from a crippled psych.

TITLE: MARRIED TO MISERY

Never full on the barstool,  
Holding his wife in his hand  
Chasing away memories,  
Who do not understand

Everything was just beautiful  
The American dream alright  
Returning home one evening,  
His bird had taken flight

Now he sits in the barroom  
In his chains invisible  
Clinging to a bottle  
And memories of her

You may know just how he feels  
Saying he can't lay her down  
The king will have his precious jewels  
But that shot glass was his crown  
Married to misery  
He couldn't lay her down

He traded for his bottle  
One fine young tenderwood  
Cause his bottle was full of sadness  
And that's what made him feel so good.

So, to his bottle Mister  
He did wed  
Vowing her to be empty  
Each night before bed.

Title: BY THE SIDE OF THE RIVER

Down inside of the river,  
Where the children of God are displayed  
You can bring all your cares and sorrows  
And have them all washed away

You can find all you are needing  
You can learn of the wisdom to stay  
Down inside of the river  
Where many of confession are made,

Repent and be washed for remission of sins  
Receive the gift Jesus came and gave  
Eternal life in exchange for all our foul deeds  
Oh what better plans could be made

Down by the side of the river  
Where the children of God have all prayed  
Forgive me Father for I have sinned  
To let all their burdens float away

Title: GIVEN TO THE COLD

They say you are a beautiful woman  
They say you are given to the cold  
They say your so beautiful a woman  
That your smile can help cleanse a soul

They say that I am ugly and morbid  
They say that I am getting old  
They say that I am writing for nothing  
But I say that I just got to know

Look at me, and smile gracefully  
That my blood inside may flow  
Smile at me gracefully  
So your words they say may be whole

I say I just got to know...  
Smile at me... gracefully flow  
Through my heart all the whole  
Beautiful woman, help cleanse my soul.

## Title: SOBRIETY

Im not your traffic light  
Im not the voice in your head  
I am no carborator  
Nor the throttle that you dread

I am no after-thought  
Im not the shifter you gear  
No smoke signal or peace pipe  
But I am always here

I am always near you  
Looking for your sign  
And admit I often fear you  
For designs that you mind

Im no history teacher  
of great propriety  
I only watch from the bleachers  
Your sporting sprees

I am rollercoaster  
Dropping does not thrill me  
I am a steady climb  
I am sobriety.

Title: BETTER KNOW

Use-fah, coulddah  
woulddah Shoulddah  
One-a Time-uh  
Long ago

People wondered  
Into A. A.  
To finddah book to  
Tell-em so

Many stories  
of over drinking  
Why to quit - 'N'  
Where to go

The bottle glistened  
While one listened  
Others learned a  
Better KNOW

Come against it  
Stop defending  
Something that does not  
Let you go.

Title: SHE WILL CLAIM HER PRIZE

She has witnessed death of many hardened man  
 medical, security, insanity and the pen  
 each claiming their score behind the door  
 of the steel and concrete zen

However hard you fight, she will claim her prize  
 The fight continues hardened man 'till you close your eyes.  
 She is not made to comfort disquieted souls  
 Nor ment to measure, the million different roles

Some evasively avoided that one final slot  
 Others have the wait to only, slip into its plot  
 Nevertheless, she will confess, her subtilty of guise  
 Be you long or be you short, she will claim her prize

Her hand outtheld and bidding, "Take her for a drive?"  
 All you need to do is act a fool for her to realize  
 That you belong to her verse and song, all the wise  
 Rust or chrome, you'll get along, when she claims her prize

## Title: THE LENSE LAW

Policy zooms its eye on you  
 But naked in the animal park  
 Down town seen you in the city  
 Peoples daily lense review

Polizza swoop an eye on you  
 Methodical ole telecamera  
 All parties on line in the cloud  
 Another beer in the brew

Method zooms an eye down town  
 Lensing in on your public life  
 Many say it's not so flashy  
 To some it's a golden crown

Everyone is under microscope  
 Of the legacy of the lense law  
 The criminal and the policeman,  
 Living in the shadow of kindred hope

Overeducated leaders run  
 Policy is their dictate dope  
 Mark up marquee of the lense law  
 Opaque-ocracy for fun

Democratic lense alive  
 Longing of the ever seeking eye.

## Title: LOVE THAT LABORS

To mentally suffer for all of mankind  
 From Adam to Omega  
 Even for those, whom deadly are blind  
 If only they could take of  
 The passover, of the Blood of Jesus Christ  
 That they might suffer in their mind  
 To consider neighbors for once and twice  
 In the love, that labors  
 There would be a whole world full of nice  
 Instead of the vapor of haters

Title: MY QUALITY OF STYLE

She said: "How about them bulldogs?"  
I said: "I've never seen the such.  
All I've ever known was bars and guards  
and when to call a bluff.  
And I see that your not bluffin',  
Cause I know your smile  
In your smile I see  
You'll walk with me  
Down my longest mile

Go ahead and take the ribbon  
out of your auburn hair.  
Step on up and have my comfort  
seat right over there:  
Next to the fireplace  
crackling with pine:  
My heart just longs to  
remember you  
for all of our lifetime.

Aint nobody better suited  
to hear all of your cares  
Then the man who, next to you  
Understands your fears,  
There aint no fear in knowing  
your loved all the while.  
How about, I can see  
You will always be  
My quality of style.

Title: MY JOURNAL

I write my life on you good woman  
You are my journal reflecting what I truly am  
You are read every place we go my dear  
If I should write upon you any fear  
It will be read under scrutiny of public eye  
You are my visual domain  
What I write upon your countenance  
This only, my heart its love for you  
Worldly orating narrators look observantly  
Reading you aloud our relationship true.  
So I write my journal today on you  
With a pen the kiss of a roller tip  
Across your bounded paper lips  
How much I love you so  
Much ever more than I can write.

Title: Young Prisoner

Puppies nipping hard at the heel of old dogs  
Cubs chewing, munch the mane of the jungles king  
Newly given life testing their future role.

Title: FLIP SWITCH

She was trippin' like a flip switch  
Always on and off again  
Every time I turned her heart on  
She was in the wind

She was infrared  
I was the spectrum light  
When I saw my world through her wavelength  
Something had to give

Her hair was neatly solved  
'Er mothering was a bullfrog  
Her daddy was a kitchen  
I tired of jumping, for her to live

I put my wheels to stitchin'  
the high way from her  
Common law demise  
Happy to be alive.

Title: WATER DANCING WITH AGE

Wishing I could go outside today  
Takes me back to my earliest years  
In the window with my nose pinned  
To the cold glass, watching the sky pour out a rain

I see the tractor over there, who was once dry by air  
But now all of its mud washed away  
I was plotting how I may be freed  
to rejoice in the showers of the rain

Recalling my mothers wurm laugh, \* to be freed...  
take out the trash. Scrambling to the hearts kitchen  
Where all of lifes meals are prepared every day  
I snatched up recepticles of lifes waste  
How I fought heavy weight 'cross the hardwood floor  
Fourty years it took to reach my kitchen door  
Not without leaving behind extensive trace.

Now I've made it over the green, and tossed the trash  
into its bin. As I looked up to see water dancing  
with gage, and knew the bars in the glass  
would never stop me from being free.

Wishing I could go outside to stay  
takes me back to my earliest days  
in the window with my nose on the glass  
watching the sky release the rain.

Title: THE SCORPIONS STING

In the days of the last call  
When the world needs overhauled  
When all seeks a greatest king  
Oh beware of the scorpion sting

In the days of prophets  
In the light of the Lords Lamb  
Don't be shaken by the leaf  
Over-come all of the grief

In the days of the Lords Lamb  
There will be only I am  
Think not on sorrows to come  
Concentrat on the Holy One

In the days of the last call  
Many knows not how they fall  
While few answer their call  
But we know Jesus answered for all

In the days of the last call  
Oh my Lord don't let me fall  
And be thou all of my strength  
From the cup of grace I drink

In the days of the last call  
The pulpit mingles its law  
And the scorpion preaches change  
Beware of the leading sting.

Title: EVERYTHING

I am learning to feel  
When you are thinking for me  
Thoughts much higher than my own  
Your highest thoughts of caution  
Express yourself to me Immanuel  
Great Son of God alive thinking today  
As I learn to learn to listen  
to the glisten of your still silent voice. Amen!

In everything I write  
I need to find you here  
If your not seen it's only useless  
Verbose nouns without meaning.  
What is a Psalm that does not show  
How much you love ole sinful man?  
What is art that does not paint me  
in the palm of your righteous hands?  
What is music that does not praise you?  
What is the heart that does not confess  
In Immanuel I Believe

In every noise of worship instruments  
I hear rejoicing  
In every honest note I hear  
The whole of your still silent voicing  
Every accord is a teardrop  
From the eyes of my mind  
I will cry out through my fingers  
As a harp on the guitar strings  
Lord I love to hear you, see you,  
Be with you in everything

Title: EVERYSING (continued)

But apart from all the rest  
I have you in my chest  
What a glorious day when every'sing  
In heart is tuned in unto you  
Immanuel, As sure as water is  
the flowing blood of the earth  
Praise is the power that it's worth.

Title: Born To Believe

I was NOT born to boogy  
I was NOT born to brawl  
I WAS born to BELIEVE  
In Jesus Christ Creator of all.

Title: I AM DEAD

I said "You're blind!"  
You said "I'm crazy."  
"One more time," I said.  
You sent me Daisies.  
So I iterate  
I am dead;  
Been set free  
In Jesus Christ  
I move ahead.

Title: GUNNERS

Woman working the office  
I can not leave my cell,  
lest visitors with wands  
Be spitting their spells

Lust for their handsom equals  
Lust for their hand, Females  
Included on pervert's plans  
To gun down thier targets of ail

No woman is sacred;  
mother, daughter, grandmah as well;  
For the pervert their all the same  
To his flagrant leather of a name.

They lurk in the corridor walk  
Faking corner talk  
Like such jocular bees  
stalking my cell to trickle their trees.

Title: HOLLYWOOD HALO

Go, spread the net of illusion  
Any quick ole story you may spin  
Hooked easily on pure confusion  
Just so easy to pretend

Spit tales of another business  
You operate along your lifes highway  
A smoke screen of dizziness  
To hide the games you play

Run vomit up another lie  
Spewing into the ear of your friends  
You acidic bile destroys their cry  
Unto heaven that love will send

Run to the forest of anxiety  
Where you must avoid all truth  
Aint no balancing scales of anti-honesty  
No balance to the scale of lies

Run around your web of delusion  
The waven voice of your heart does tell  
Afraid how the truth may cost you  
So you spin another spell

But your joke is upon your own head  
You the only one who believes  
That your Hollywood Halo  
Is really setting you free.

## Title: GLORY IN GOD

What do you glorify?  
That which is heavy on your heart,  
And weighty to be honorable,  
grievous to promote,  
Abounding with afflictions,  
burdensome rich to explain.  
All that is beauty for my soul to behold.  
Shake the tree of vaunted fruit  
and gleaming boughs try to explain themselves  
before finding gravity to ornament a ground.  
The great magnificent majesty on high  
My soul glorifies, expounding to be great in the Lord!  
Delivered by the hand of God time and again...  
My heavy in the Lord is the heart  
Christ Jesus is my only crown I need.  
Father let me glow with anxiety for your great Son  
who sacrificed his body of this flesh on the tree  
For me to be set free  
Glorify in that which is heavy on your heart.  
Luminating lightning, happiness striking  
Striking all the darkened clouds out.  
From east to west the flames of affliction abound with honour.  
My love is heavy on my heart,  
In the break of day and close of night  
Make joy and rejoice to boast about my living God  
Ahoy Adônây, spine your countenance upon me  
For all the world to see.  
I lift up the name of Jesus Christ  
in all His Glory, son, of the living God.  
Amen!

## Title: GRAPHIC IN MY SONG

Once again I set my writing pen  
 With an inkling to fracture barricades  
 Who startle infrastructures of my song.  
 The serum I strategically smear across the paper  
 inoculates the theater of my mind.  
 I am my crutch, I am not afraid to cry  
 I am that quality style of writing  
 Pelting every page in block tears exciting,  
 Letters one by one by one afflicting my disease.  
 Lyrical equipment needed for my system to function  
 Antagonises assorted compunction  
 As my base for organization of musical composition.  
 Beyond my suspicion, the world hates my contrition;  
 That antioxidant piggy backed among my inklings  
 Graphic in my song.  
 I inoculate myself against worldly reality un true.  
 My strength it is antecedent the social zoo  
 was formed at the hand of You, oh God Immanuel.  
 My strength it is antecedent the hell  
 That I have been so unkind to put my life through.  
 Sitting with my writing equipment  
 Leary of the lyrics coming through the radio  
 entertaining my; entertain me; is my safest way to go  
 Unless I find my soul face first on the flow  
 Eating dirt of intoxications fabricated spells;  
 Labyrinths of mysterious quality that lends enchantment.  
 Contrite inkling, sprinkling my mind with decibels in time  
 outside of time  
 I am my crutch, graphic in my song.

LOST OR DELAYED ?

I cannot help but mourn  
For the child unborn  
How great my loss I find  
My heart so pines

Have I lost our right to parent sons  
Strong and wise, or daughter sweet and fair  
Have I lost the right to be the pawn  
Who stewards innocence cares

Cannot help but mourn this plight  
Those who may once have been,  
By graces sure abounding light  
Better parents are the slow write  
From an aged poets pen

Some condemn and others fright  
Some course their legal, regal pretense  
But such value lies in a poets light  
Whose realities will shine immense

Fence off the years behind  
Using garnered wisdoms persuade  
My heart is a cistern I find  
Full of life delayed.

## Walked Away

You have walked away from the fallen world.  
Deceitful tricks have no longer their appeal  
To your heartbeat changed from sinners whirl.  
In fact, you learned to eschew evil's deal:  
While looking upon souls committing iniquity.  
Because you looked with a Godly Love.  
You feel like walking contradiction's reality.  
Do not lean on your own understanding  
You are not strong enough the crutch  
To carry yourself into heaven with Him  
There will be no cripples in the presence of God.  
When you are separated from among them,  
Hating verily all evil that they do,  
The lovers of evil cannot comprehend you  
Be of good courage, do not those love evil?  
Focus whole your eyes upon Jesus' exsistant civil.  
Only then shall you know, just how love flows  
Above and beyond those ate by fate of hate.  
When you have walked away from the world  
Your heart no longer longs to sin.

Title: ALE OF HELL

Hiding his dark side  
The Monster prevails  
Rushing with tides  
Of lying ale

You can see all his children  
In science today  
Never weined from a teat  
While on their feet, running in play

Howdy now Doctor!  
Express your fortae  
Can you not draw out your question  
With a pencil on page  
How can you qualify  
To design my stage

You tell me Im distant  
Cause I see through your eyes  
Then try to enlist me, into their guise  
But my heart blisibly, ologies prized

Can you not see? there is only two sides  
To psych-[iatric] ologies, ebbing in tides  
That bring up the hoax, of seaweeded slime.  
To cover his evil, coaching his crime.

What side of the fence Doc?  
Would you expel  
To comprehend head and heart  
Or the ale of hell
