# ACKNOWLEDGEMENTS

I want to thank the people that inspired me to write and never give up on a dream... Dean, Robin, Susie, Mike, Santos, Paul and I want to thank all of them again for playing some role in the inspiration for this book.. all the above people plus Cassie, Ms. Green, Sheila, C. Price...

Thank you all

# FRIENDSHIP

# IF I EVER

If I ever come up for breath,  
Will you comfort me?

If I am ever in the valley,  
Will you encourage me?

If I ever speak and there is silence,  
Will you hear me?

If I am ever in Cardiac arrest,  
Will you resuscitate me?

If I ever have an excuse,  
Will you believe me?

If I am ever invisible,  
Will you see me?

If I am ever feeling lonely,  
Will you take me by the hand?

If I ever have confusion,  
Will you understand?

If I ever , If I ever , If I ever  
Yes , you are the one , my friend forever,  
even my confidant.

Thank you for being my friend

R. Allen 9/10/14

# YES I WILL

Yes I will comfort you for all time  
If you run out of breath, I'll give you  
mine

Yes I will encourage you everyday  
I'll make you smile, that will be my way

Yes I will always hear you  
No matter what I must do

Yes I will resuscitate you  
Because I never want to lose you

Yes I will believe you  
I will always believe in you

Yes I will always see you  
Because, even when you hide your  
feelings, my feelings for you makes you  
visible to me always

Yes I will take you by the hand  
I will show you that you don't  
have to be alone... I will hold you  
close with comfort and love

Yes I will understand, you are confused  
I will be here when clarity comes

Yes I will, Yes I will, Yes I will

# PONDER LIFE

As I sit and ponder about my life  
I think of the woman I want as my wife  
I'll try, try, try again  
but right now she only wants to be my friend

Friends to start, will give a deeper bond  
As time passes, my mind grows weary, my  
heart grows fonder  
She hides her true feelings and that's a shame  
I can't stop writing poetry and she's to blame

My mind runs a mile a minute  
Guess who takes up the space within it?  
She's with me every moment of my time  
She's driving me crazy from inside my own  
mind

S. Griffin 9/22/14

# C. PRICE

My other mother wrote me back

I'm real excited to hear from her  
She says Chris has two sisters that  
love to write.

I don't want to cause any fights,  
I must write both to see if either of them  
is right for me, maybe my soulmate  
She would be the only one I would date

My other mother is interested in my first  
book

I sent her information, hoping it's enough of  
a hook

I can't wait to get to know all of them

I know it will be great

That's what my gut intuition tells me about  
this good fate

I only wrote to find out about a friend  
and as I write I realize I'll end up  
with much more in the end

S. Griffin 9/26/14

# STEVEN

I just turned thirty-one, the nineteenth of September two-thousand four-teen.

I'm caucasian, I'm five foot eight, what do you call the perfect mate?

I'm two-hundred pounds, Kind of stocky and a little round

I have dirty blond/brown hair and hazel eyes that change color with my mood and I wear eye glasses, with-out them I'm legally blind

I love to write and get to know new people, would you like to write and get to know me?

We are not going to live forever and every day that passes is lost in time

Read author manifesto in Truth volume III love poems and you will have a head start on what I'm about

One last thing, it takes a man to admit when he's wrong and apologize, it takes a bigger man to start back as far as he can remember in his life to start. Read Apologies.

S. Griffin 9/27/14

# APOLOGIES

If anyone knows or finds the following people, please have them write me at the address I provide, so I can properly apologize for one or more slights, offenses, or general Fucked up thing(s) I've done or things I should have said but did not.

I'm attempting to make true, heartfelt apologies to possibly all I have wronged. I will apologize and ask for forgiveness.

I can't remember every name of every person, so if your name is not listed, don't feel slighted.

Even if your name is not listed you can write me to remind me of what happened and I'll reply accordingly.

# MAKING LOVE

She makes me hot with desire  
I really need her to put out the fire

She grows hot in her pants  
As she waits for our horizontal dance

I kiss her hand, deep with tongue  
At once she realizes I'm the one

She grabs my rod with her hand  
I'm so glad that I'm her man

She takes me in her mouth so deep  
I can't hold back, my penis weeps

She swallow's every bit of my load  
She loves the taste and starts to moan

I take her nipple between my teeth  
I push my fingers in so deep

Our passion grows, grows, and grows  
Each time I make her cum she curls  
her toes

I take my tongue and lift the hood  
She moans and cums just like she should

I lay her down with legs so wide  
She begs and pleads for me to come  
inside

I enter her vulva slow and sweet  
She grabs my ass and pulls me  
deep

She says to go slow, no!  
She want's it hard, deep, and Oh, oh, oh!

We cum together in succession  
Our juices flow and do not lessen

I want to taste our juices in my mouth  
So I pull out and go down south

I lick and suck on her core  
She loves it so much, she screams for more

We make love for many hours  
On the bed and in the shower

Our lives are like that of a dove  
We make love, because we are in love!

# SHEILA

I have a Seventy-Five year old lesbian friend

I've had day dreams and night sweats about being within

With-in her arms, with-in her eyes, with-in her mind, and with-in her heart

She is dear to me, I want her to understand that part

On the other hand I've had wet dreams

And endless lust filled days, imagining having her in all ways

My lips on hers, my tongue in her mouth, her moans escaping

Her mouth taking me all in as deep as I am long, my moans escape

My mouth on her hot, dripping vagina, I suck her clit, pushing two fingers deep

She's so tight, wet, and dreamy

I eat, eat, eat, and eat some more

I can't get enough of the taste of her, her moans escape

After some time she's squirming and squirting  
Filling my mouth with her creamy cum  
I eat and drink, I get my fill  
This must be a dream it cannot be real

My crimson shaft of fucking desire  
Is so extremely hard, it's been hurting  
for an hour

She opens her legs, I kiss her creamy thighs  
She says no and shakes her finger, I want  
you to fuck me with your dick, not your finger

I put her legs upon my shoulders  
I place my pre-cummed tip at the entrance  
I poke and prod around the edges  
Her creamy core is begging to be filled

I enter with just my tip  
I can't stand being so shallow  
I push all the way in, and oh my gawd  
The furnace flame that burns so hot, my moon  
escapes

I'll never find another woman  
Whose insides are as hot, smooth, and silky  
as the ones I'm currently embedded in  
Her pussy becomes so much wetter  
We pant and moan and cum together

I pound and thrust, and slip right out  
It's so funny we laugh out loud  
We gain our composure to begin again  
Were still so horny, we need to spend

I ask her nicely to get on all four  
I get behind her admiring her back door  
I notice her pussy is extremely pink  
I love the taste and I need a drink

I eat her pretty, pink pussy and rub her clit  
My tongue goes deep in and out  
She cums, cums, and cums so quick  
She demands I get behind her and fuck her  
with my dick

I slide behind her oh so quick  
I penetrate her with my long, thick dick  
I grab her hips and fuck so hard  
She loves it more than life it's self

She's never been filled so good and strong  
Every other man had a short dong  
We come together in great succession  
She tells me she loves me and that's her  
confession

She commands I lay back and allow  
her to work

She sits on my face and starts to twerk  
I feel her mouth swallow me whole  
She takes me deep and strokes me hard

I push a finger into her butt  
She grabs my sack and twists my nutts  
I moan in ecstasy and bite her clit  
We both cum all the same

She lowers herself down onto my Dick  
She's grinding so hard we both cum quick  
She rides, rides, and rides me hard  
When were done, we lay in each others arms

We talk and come to the conclusion  
That if we say we don't want each other  
it's an illusion

We are great friends and Fuck Just alike  
We are a lesbian and a straight guy

I must be honest and make a confession  
I want you for more than just sexual lessons  
My mind, my soul, and my heart has already  
developed a part  
With you embedded with-in each for all time

I write you these poems because I want to  
make you mine  
My friend to the end, my woman, and my lover  
Not just in bed under the cover  
Will you have me, will you hold me?

After we've dated and courted and such  
I'll want to make-love instead of Just Fuck  
I've always had a dream of marrying a lesbian  
Would you consider being mine for the rest of your  
natural born life?

I'll have no problem, if you still want to fuck  
women

I just ask to be there and allowed to join in  
Only rule I have, is no other men  
So what do you say, Sheila my dear?

S. Griffin 9/23/14

# DIRTY TALK

Strip down naked you dirty little slut  
I know you love to get fucked in every hole  
especially your butt  
I'll start out with my dick in your mouth

Take your fingers and play with your cunt  
And be ready to drink my nut  
Take it all and don't choke on any of it

You dirty cum guzzeling slut, now drop  
down to your back

Open your legs and hold them up  
I'm going to fuck you with this cup, after  
you cum and your pussy is not so dirty

I'm going to eat you for at least 30 minutes  
I'm surprised your pussy tastes so fresh  
That's not what they said about your snatch  
Truth be told, they talked their shit when you  
quit sucking their dicks

Now I know you taste so good, I want to eat  
your pussy while you suck my wood

I lay down on my back and you undress me  
You place your pussy above my face  
I grab your hips pulling your pussy to my  
lips

You skim my cock with your teeth  
You grab my balls, twist and squeeze  
I violently cum down your throat  
Salty, smooth, and tastey she don't want  
to waste any

I'm sucking and chewing on her clit  
I have two fingers in her pussy, no more  
will fit  
Her hips are bucking and fighting being held  
down  
Her entire body is trembling as her cum drips  
down

I feel her pussy pulsating as I penetrate  
with my tongue  
With two fingers working her clit, she really  
starts to cum  
All in my mouth and on my face  
She's cumming so much, some is going to waste

I say get off of me you dirty fucking slut  
She rolls off of me onto her back, as I was about  
to nut  
She lays there parting with her legs bent  
my rock hard dick is wet and slick

It's my turn, you need to breath through your nose  
I grab her head to hold it still  
Open your mouth, you are going to take this for real  
Her mouth is open, ready to start

I shove my cock past her teeth  
Bend her legs underneath me

I start fucking her mouth real hard  
While I eat, suck, and tongue fuck her cunt

I'm fucking her mouth hard and rough  
She's taking it gladly because she can't get enough  
Her pussy is soaked, sweet, and dripping  
I eat pussy so good, she has not quit spending

My dick becomes raw between her teeth  
I'm getting ready to remove it  
I reach down and grab her head  
I start cumming in her mouth instead

We lay there for a few moments  
I grab her hair and pull her to me

Your now my dirty-down, slut puppy bitch  
With all these poems maybe I'll become rich

We're not done yet, no not yet, there's still  
one hole I have not hit yet

She rolls right over, eyes wide shut  
She grabs her cheeks to prepare her butt  
I love you Steven, I'm your dirty fucking  
slut

I shove my tongue right up her ass  
She begs me, please don't go so fast  
I'm still a virgin with this hole  
It's going to hurt bad to take it whole,  
all at once

I eat her ass real, real slow it needs to  
be soaked for this show

I pierce her virgin ass, finally at last  
I go in real slow, now I'm all the way in  
I can't resist the urge to fuck it real hard  
until I spend

S. Griffin 9/23/14

# SADIST/MASOCHIST

I'm a sadist in search of my masochist  
She will understand what I am, as I her  
I've not found one even close to what I crave  
Society says I have a sick and twisted mind  
But I know that's a lie, because I'm just fine

I want him to please me and punish my every hole  
Chains, knives, cuffs, whips take even my soul  
I've been a very bad girl, I touched myself  
When you were not around

Spank me, choke me, pull my hair and I'll cum  
instantly everywhere

I want her to follow what I say, even if I  
say different every day

I want her to cry and scream to let me  
know she's about to cream

I want her when I want her and I expect  
total submission

If I say suck my dick and put a finger  
in my ass

Then that's what I want you to do, and do it  
fast

I'll follow your every command and you can  
have me when you want

I only make a small request, love me and  
never leave me

You are my one and only one I'll ever need  
Only fuck other females while I'm around,  
I'm your dirty slut puppy and want to get down

I want my dirty talk to turn you on  
I need you to be into everything I'm  
Into as I say

No drinking, no drugging, no other men  
I want you with me for infinity  
I want you as my wife for the rest of  
your life

You are the sadist I've been looking for all  
of my young life

You are the masochist I've been looking for all  
of my young life

We shall bind our minds, bodies, and souls

We shall make nothing less than blood oaths

S. Griffin 9/26/14

# LOVE ME/LOVE HER

She loves me , she loves me not , she loves  
me and my cock

I love her , I love her not , I Love to Fuck  
her around the clock

She looks at me with that certain look  
I know she loves me and wants to fuck

I look at her and I get hard  
She lays on down and spreads her legs apart

She wants me to fuck all three spots

I love it so much , it gives me the hots

She moans and screams , creams and cums

I have never had enough , she tastes  
so good , all that cream and cum

She loves me with her body , mind , soul and  
heart

I've been in-love with her every part from  
the start

She loves me inside and out

And I love her with-out a doubt

S. Griffin 9/26/14

# CASSIE B.

I've never been with a virgin, you see  
The closest I've come was Cassie B.  
Her pussy was tight and very pink  
I ate it for hours, it did not stink

I went to see her when her parents were home  
They left her brother and sister, went to the store  
Cassie sent the youngin's to the home next door  
She was talking about sex like she had done it many  
times before

We talked, talked, and she kissed me first  
She lifted her shirt and took off her bra  
I'm sucking her nipples, laying her down on  
her back

I kiss down her stomach and undo her shorts

I can feel the moist heat from her panties  
I slip them off and admire her beautiful body  
She looks up at me and bites her lip

She open's her legs oh so wide , I take my  
tongue and push it inside

I lick , suck , and drink her cum  
Her pussy trembles as she cums  
Fuck me , she moans

I take my face from between her legs, I look  
down at her as she begs, please fuck me

She grabs my dick and pulls me toward  
her wet, hot hole

I start out slow, in... out... in.... out, my tip goes  
It's the tightest pussy I had ever felt

I pushed all in and started to melt

I slammed and pumped as hard as I could  
She arched her back and come real good

I felt my dick start to quake, my balls got tight  
and then I come

I kept going and she didn't stop me  
The door opens up and there's her step-mommy

S. Griffin 9/27/14

# SEARCHING

I have a 7½" dick, I don't know how  
but it's thick

I've been told that's pretty big, for a white guy

I was taught from when I was younger how  
to eat pussy like a lesbian

I have learned over the years, the way I fuck  
makes all women nut

I know I eat pussy like I should, I use my tongue  
under the hood

I know just where that G-spots at, and I know how  
to hit it from the back too

I can hit the A-spot, can your beau?

I know more about sex than you do... True

When I was younger sex was all I was after

I got it anyway I could, nothing else mattered

Now that I'm older and more mature, I realize  
the missed opportunities for love

Now I'm seeking love and a wife, it's the hardest  
thing to find in all of life

Sex has taken a back seat in my search  
Any woman I meet, we must become friends  
first

All the years and all of the fucking, I'm  
a lucky son of a bitch because I never caught  
nothing

I can only search with help from friends, family,  
this book shall help, but it's all thru letters

I'm currently locked up in prison, I'm innocent  
of my charge

I'm still in the courts fighting real hard

I don't discriminate for any reason, but you must be  
honest, faithful, loyal not just for a season

It don't matter, you can be blind, deaf, mute, wheel chair  
bound, or any other disability.

I'll love you for you if you love me for me, there's only  
two other musts, one you must be eighteen plus, two you  
must love to write.

S. Griffin 9/27/14

# AUTHOR MANIFESTO

I read some of my poems and felt they needed to go into a friendship section, so they did

Friendship is very important, it's the Fundamental Foundation of any long lasting bond. My memory is pretty good on the apologies, I believe I go back as early as seven for a broken promise.

An apology and asking forgiveness is important to some people... It could be the difference between life and death... It would have been better to apologize back when the stuff happened... I apologize for not doing that too.

The sexual content poems, I hope you enjoy them, they light me up every time I read them.

I hope that someone can use them to express the passion the feel or even to express the need to Fuck or get Fucked.

Everything I write has meaning to me. These are me sharing my friendly side, my sexual side and the need to be friends before sex, partnership, or anything else. Love?..... Love??..... Where are you???. I'm coming for you!!!
