FIT TOGETHER

As I search for words
to express my passion
My thoughts run wild in
a disorderly fashion

My heart beats fast and strong
As the woman I've expressed to
says I'm wrong
She says I don't know how she feels
She's confused, I see it kills

When she gets to where I'm at
I maybe dead because I'm fat
Her heart will break because it aches
My love was there for her to take

She missed out on true love by far
Now she cries inside her car
I will see her when she dies
I will be there to wipe the tears from
her eyes

Now you see, now you know
You must not hesitate to let him know
He is special in thy heart
He's the man that fills your missing part.

S. Griffin 9/20/14

WHEN I LOOK

When I look at you, what do I see?
A beautiful woman that loves and needs me!

When you look at me, what do you see?
I see the man who wants to be with me!

When I look into your eye, what do I spy?
I spy with my dirty eye, a woman afraid
to try!

When you look into my eye, what do you spy?
I spy with my beautiful eye, a loving man
and he's all mine!

S. Griffin 9/20/14

MY LOVE, MY FRIEND

At day's end

I want you as my love, but first my friend

I want to hug you and hold you tight

All of our days and all of our nights

I want to be the man of your dreams

Not the one you despise, because he's mean

I want you to look at me and smile that
bright smile

I want you to let me hold you, if ever for a
little while

I would walk all day, many miles

To come see you smile that beautiful smile

I will never treat you like a dirty booty call

I know if I ever did, our relationship would
fail and fall

I care for you deeply and respect you a lot

If all I wanted was sex, I would get
a sextet

I know you are weary and scared all the same

You are starting to trust me, you gave me your whole
real name

I promised I would not talk about my feelings
right now

It's all up to you to accept me or turn me down

I know what they will say and how they will slander

He's a man in prison, he doesn't even matter

Will you defend me or put me down?

That's when you will realize you've come
around

Your love will grow for me and come unbound

You will come to me and pull me to the ground

You will grab me and hold tight

You will love and tell me it will be alright

After many years of being together

You will really be happy I wrote the letter

You will love me, be my friend and wife

We will be together for the rest of our life

We will always talk and avoid the distortion

We shall always be in-love and know it's important

S. Griffin 9/21/14

GREEN AND BLUE

Twist and twine
Your heart with mine
Our love will last
For all time

Sweet and sour
This shall be our hour
To climb the tower
Hold your head high, do not cower

Short and tall
I'll catch you when you fall
In love with me, yes you be
We will get married under the shade tree

Green and blue
I love you
See and sea
You love me

S. Griffin 9/21/14

LOVER'S DANCE

Can you dance the lover's dance?
Don't hold back, give him a chance
You say friends is a safe place
But it's not fair with a lover's grace

There's a man that can make you complete
Right now he suffers down at your feet
He says lady love of mine, I pray to
God that at some time you come to me
Bring your love, be free, and mine

Will you dance the lover's dance?
Will you give this man his chance?
To love you tender for all time

He will love your mind, body, and soul
He will love you when your young or old
He will hold your hand on your death bed
He will see you again in heaven

All because you gave this man his chance
and both of you danced the lover's dance

S. Griffin 9/21/14

FRIENDS FIRST

Friends forever, bonds us fast
I knew you care for me, like I do you
I await the day you confess that you
love me true

Then I'll approach the question of can I
be your beau?

Once you acknowledge that I'm your man
I will drop to one knee and take your hand
I will tell you that I love, respect, and cherish
you and want you to be my forever

When you say yes, I will hold you fast and
thank God for bringing us to pass

In the chapel when we marry

I will kiss you deep, hard, and with passion
that you have never had

During the night ~~after~~ we marry, I'll
hold you long, strong, all night long

After that night of being held tight
And being made love to all night
Being friends first was a grand idea
Now our bond will never end, we
will love forever

S. Griffin 9/21/14

THE FEEL OF US

Warm, smooth, and soft
Sassy, fragile, and feminine
Sexy, sensual, and brave
Loving, honest, and faithful
Bright, proficient, and beautiful

The Feel Of You

Hard, genuine, and strong
Large, confident, and masculine
Intelligent, mature, and truthful
Open-minded, open-hearted, and deep
Talented, respectful, and loyal

The Feel Of Me

Together, in-love, confidants, and sanity
Special, unique, friends forever, and hopeful
Strong bond, survivors, conquerors, and lovers
Precious, passionate, desirable, extraordinary and happy
Tender, patient, kind, honorable, and secure

The Feel Of You
The Feel Of Me
The Feel Of Us

S. Griffin 9/22/14

DADDY'S GIFTS

My daddy taught me to love all music
He told me love is powerful, to never abuse it
I love him dearly and miss him more
My heart is broken down to the core

I know he's in heaven and that's a fact
When he died my heart cracked
I want a man's love, respect, security, and honor
Just like he gave me and he is my father

My daddy gave me gifts such as these
And he taught me to always say thank you
and please

As a little girl I wanted a man like my father
As a grown woman I don't even bother

I know now my daddy was unique in everyway
I've never found a carbon copy to this day
My daddy's gifts continue to bless
I just wished he was alive, so I could feel his
caress

S. Griffin 9/22/14

TIME TO GROW

There's a woman that I make happy
I think she's scared and confused because
I remind her of her daddy
She has my love, respect, and honor
and those are traits of her father

She compares me a lot to her father
What she don't understand is she's not my
sister or daughter
I'll never beat the line that her father set
But I'm not like any other man you have met

I understand it's a hard decision
Because you have feelings for a man in prison
IF all of his law work happens to fail
Then he still has about nine years in jail

He is willing to take it slow
To allow your feelings time to grow
He wait's around for you to join his
life
for her feelings to grow and her to
become his wife

S. Griffin 9/22/14

GOING SLOW

Tweetin', Tweetin' it's love bug season
They are seriously attracted to me for a
reason

My love is pure and excretin'
Leaving me barely on the edge of reason

Flowing from my heart and soul
Into words for you to behold
Read, believe, love, respect, and trust
If we take this slow, it will be AAA plus

I'll go real slow, because I'm true
Over time you will believe I want to be
with you

You will come to love me with your best
I'll be faithful, loving, respectful, loyal, and
honest unlike the rest

I only want to get married just one time
We will fit together like lemon does with lime
I'll wrap my arms around you, hold you
good and tight
Put your arms around me and we'll hold each
other all night

S: Griffin 9/22/14

DIAMOND

Baby, baby don't say maybe
I don't drink or use drugs, so all's
gravy

I won't strike you or even pretend to
I'm here to love, serve, and protect
you

I can't promise that I'll never look upon
you with lust in my eyes

Your beauty is perfect for me to behold, I
love your body type and your size

When you gaze upon me, you light my fire
I must be honest and express my desire

You are not happy, because you put on some
weight

When we are together we can work out late

I have a spare tire I'm unhappy with too
I'll help you, will you help me boo?

Diamond, platinum, silver, gold will never
surpass the love I hold

I hold for you the most precious and
bold

The treasure is your heart I desire
I want you to trust me to stoke your
fire

You will be tickled pink and bright
orange too

Nothing can compare to the love I have
offered you

Will you open your eyes and see true
Or shall the pain of your past block
your view

S. Griffin 9/22/14

FEAR, PAIN, AND REJECTION

With-out your love, colors are dull

With-out your love, foods are bland

With-out your love, words have no real
meaning

With-out your love, my sleep is fitful

With-out your love, it's hard to concentrate
in my every day life

With your love, colors will be bright, beautiful,
and vibrant

With your love, every bite of even the worse
food will be like an orgasm in my mouth

With your love, words will have special meaning

With your love, I will sleep peaceful, awake
fully rested, and at peace

With your love, I will be able to concentrate,
no I won't

Currently I'm battling an unseen foe, he steps
her from loving me

He has been places with her that I only dream, he
has taken her to her highest highs and lowest lows

She don't see him, but she feels him,

He is fear, pain, and rejection embedded in her
heart, soul, and mind

S. Griffin 9/23/14

WEDDING VOWS

(insert her name) my love, I love and desire you
With all of my being, I never want to part
from you for any reason

These are some of the things I promise to do
I promise with all of my heart to love, honor,
cherish, and be completely faithful to you

My dear (insert his name) I love you so true
I never want to be without or ever lose you
I can't wait to start our new life as husband
and wife

These are but a few loving promises I make to you
I promise to never hide my feelings or my emotions
I'll love you, honor you, cherish, be faithful and
true

Now we are married, husband and wife
I want you to make love to me for the rest
of our life
We shall always be happy, in-love, and enjoy life

S. Griffin 9/23/14

STEPPING STONE

Everyone before me was a stepping Stone

You were being prepared to never have to ever
be alone

You went through all the bad stuff back then
Now it's time to even right out, it's time for you
to love and be loved without a doubt

All the pain, torture, abuse, and hate
With me is replaced with pleasure, love,
honor, and a willingness to wait

Wait until you are ready, not just use you for
Your body

Don't get me wrong when it's time, in the bedroom
I want us to be naughty

I don't want you to feel pressure

But baby, we are not going to live forever

Everything I do, is me expressing the love I
have to share with you

All you must do is accept me as your man

Love me with all the love in your heart, I know

You can

Don't take for granted the time you don't know if you
even have

Be with me right now and everyday together will be in pleasure

I can't stress enough how deep we will fall in-love

I'm not perfect and I never will be, it's time you opened your
eyes and start seeing me

See, feel, hear, taste, touch and really experience that I
do love you much

Lets not place expectations on each other

I'll never be your father and you'll never be my mother

The one's we lost, that were so close and dear

Now we are alone dealing with loss and fear

That if we let anyone close, we may lose them with-in a year

We should not go at this loss and fear aloof
the love we have to offer each other is proof

We both share great sympathy, even more so, we have empathy

I hope that one day soon, you will see that being with me
will help you too

With Gods love, direction, and will we shall see heaven together
and not hell

You are at war with confusion
Because your brain is pulling you that way
But your heart and intuition are pushing you my way
I hope I can get you to drop the facade of only
loving me as a brother
Instead of the truth we both knew that you love me unlike
any other

I bring my love at you hard and hit a wall
The ground opens beneath me and I begin to fall
I war and fight my natural instinct to run and hide
To lick my wounds of behemoth rejection
My love for you is prodigious and deserves your recognition

When in doubt of my love, come to me and I'll hold
You tight
You'll feel the devotion and tenderness of my caress
And you will finally understand that you are in-love
with the best

S. Griffin 9/24/14

GIVING WIFE

I'm in search of a giving wife
That will love and be with me for this
life

I want her to dress sexy, slutty, however
she feels

I want her to be honest, faithful, loving, and loyal
to me

She needs to love having sex and willing to try
whatever

She needs to be inexperienced before she gets
with me

I will teach her everything that was taught to me

She will never feel that she's in need

She needs to be the type that can't get enough
of me deep inside her

She needs to be willing to be my friend and
then my lover

Until we fall in-love with each other

She needs to be with me and never any other man

I'll be her man in every way I can

I'll be true, honest, faithful, and loyal like no other

I'll be her guiding light in the darkest depths of
the darkest places

S. Griffin 9/26/14

IF ONLY, IF ONLY

If only, if only

We were together, our days and our nights
would be so much better

If only, if only

We were lovers, I would hold you close even
out from under the covers

If only, if only

We are friends, then all of my fantasies of more
would end

If only, if only

We were dove, we would be soulmates forever
and always in-love

If only, if only

I were not in prison, we could go on a date
like a normal man and his mses

If only, if only

I were made of money, I could buy you things
from here, my beautiful honey

If only, if only

I could read your stars, I would be able to
love you through the bars on your heart

If only, if only

I had great power, we would be making
love this very hour

S. Griffin 9/27/14

AUTHOR MANIFESTO

All of my younger days love chased me, before I really knew what it was or how it felt, while it was still pure, untainted.

I did not know what I had, I took it for granted and did not even look back.

Now that I'm older and more mature, I realize that I had love, that I was loved. It's no longer this great myth... I know it's real now.

I'm chasing love now, I have so much love I want to share.

I enjoy having loving friendships... Agape love is great.

I want passionate love, forever love... I want the love of a wife, a soulmate... that love eludes me.

These poems I wrote... I felt loved and it inspired me to write about love. This is me sharing my love.
