A love I hope will never end

its truly something special
A love that's unconditional
A feeling so sensational
so lovely you're so beautiful

my total dedication
my will and determination
my rock, my foundation

the worth of a rare commodity
I love your sense of modesty

"my everything" Poem

Incredible, unforgettable
we seem to be inseparable
wonderfully so valuable
Its truly just remarkable

my best friend, my soulmate
with differences that we intergrate
in harmony we collaborate
the type of bond you can appreciate

you're the one that make my heart sing
the love that of my wildest dream
for you I shall do anything
for truly you're my everything

pg 5

"Hopeless Romantic"

the mood that of a melody
your presence seems so heavenly
Although we haven't spoken
I can sense just what you're telling me

It's like music to my ears
It's ~~exactly~~ what it appears
your love is so sincere
It seems to wash away my fears

the piano softly plays as I gaze into your eyes
it's pouring out my soul as for I'm feeling mesmerized
the saxophone it plays the theme of everything you mean to me
I feel that of a king for the joy you seem to bring to me

my heart is of the drum
the guitar seems to strum
the rhythm is in sync
my mind seems to hum

the violin intensifies
the music seem to hypnotize
the mood it seems to tantalize
as I can feel my nature rise

never meant to mean you know HARM
 I got caught up in the storm of the RAIN

 so Hopefully One DAY I could make you my wife

I Brought you shelter through the storm
 many nights I keep you WARM

Romantic evening lyrics

the candle light, the bubblely
 the mood is set for you and me
 it aint no place I would rather be
 the closest thing next to ecstasy

the bright stars, the moon light
 were dining out on a warm night
 our chemistry it just feels right
 its dynamite, its out of sight

the fire works, we celebrate
 Heals a toast to our first date
 its such a thrill and it ~~feels great~~^{feels great}
 I love the way that we collaborate

we hit it off, the sparks fly
 im really feeling you you see its no lie
 we'll never know it if we dont try
 the night young and its a clear sky

Pg 11

"Silly of me" Poem

Silly of me, to think you would Be THANKFUL
I gave you my HEART AND yet AND still you're ungrateful

Silly of me, to think THAT you would be devoted
mislead you cheated it ain't no way to SUGAR COATED

Silly of me, to think THAT you would be A FRIEND OF MINE
When times got HARD it still seems you were HARD to find

Silly of me, to think THAT you could Be TRUSTED
yet ALL THE WHILE you were FOUL I'm DISGUSTED

Silly of me, to ever put you on A PEDESTAL
to think you were WORTHY to only find you WASN'T CREDIBLE

Silly of me, so NAIVE you deceived me
I never would of THOUGHT THAT you would love and then leave me

Silly of me, to think THAT you would love me for LIFE
THOUGHT you were fony you only wanted to use me RIGHT

Silly of me, I didn't see WHAT you were really made of
I WASN'T looking AND WAS taken AS A sucker FOR love

"Broken Hearted" Poem

the heart that of a broken wing
the joy that it would seast to bring
the love that it would seast to give
for what reason is there left to live

the voice that broke and could not sing
its hard to shine with out the bling
How can I use this broken wing
How can I live this broken dream

Oh How it hurts to reminisce
the heart feeds of a broken dish
the shatter love we use to share
the emptyness that in the ark

the doubt seem to brake our will
How could you fake what seem so real
its sad to say how bad I feel
though the say in time the heart shall heal

pg 13

"cant let nothing come between us"

let nothing come between us, people meaning us harm
though hopefully together we can weather the storm
the fony friends that pretend though they constantly at me
if they were real they would only want to see us be happy
if its a secret let us keep it till its out of the bag
people talk as if we listen to the gossip and such
i put this out cause i can see they run they mouth to much
they make prediction we contradicted proving em wrong
leave it to them we would have never ever last this long
they say they wishing us the best so we would keep em around
Some people like to build you up for only bringing you down
we dont fight cause wrong or right you know i love you alot
from the start they tryed to brake apart the band we got
though we got faith to keep us safe and still our trust is intact
its really something cause cant nothing ever come between us

p 9 14

"Young love"

Young was the love so eager for the bliss
His desire seem to thirst for that very first kiss
His Heart seem to pound like it was ~~beating~~^{Beating} out his chest
His nose was wide open and he was Hoping for the best
He would impress the girl with his looks and his charm
He said his only mission was protecting her from harm
She thought that he was cute and that he had a nice style
For every thing he did he seem to always make her smile
They started hanging out though they made no demands
The more time they spent the soon became best friends
There emotions got stronger so intense was there desire
The attraction so electric that the fuse would start a fire
For it was human nature it aint no way to fight
The more they outequated the more they got excited
He went to make his move although he knew it was a risk
Though she granted his wish and they shared there first kiss

"Inspired by love" lyrics

you know you came into my life and rescued me
 through the storm you was there to shelter me
 when I was down you was always there for me
 just like an angel that god had sent to me

when it was me against the world you believed in me
 it was hectic though you never spoke of leaving me
 and I never had a thought of you deceiving me
 just know that every thing you do is really pleasing me

in desperate need to have a friend you was by my side
 the loyalty that you displayed it really filled me with pride
 when I had to get ~~away~~ you came along for the ride
 it spoke a flame and till this day it still aint died

you consoled me through the pain, you stood through the rain
 its like you brought me back to life when I was living in vain

when I was weak you gave me strenght for many days to come
 in which encouraged me that I could really be someone
 the inspiration that you give to me is so profound
 the crazyness within my life its like you turned it around
 and if I ever get the chance in a give you the world
 but for now just take my heart and let our love unfold

"love thy mother" Poem

So special you are
A Queen By far
The glow that of a shining star

My guiding light, my reason to live
For all my heart to you I give

My rock you are, such strength you have
Through out my journey you are my path

A heart so pure, a love so true
The beauty that of a sky so blue

Strong yet delicate, modest yet elegant
Rare yet relevant, your worth is evident

Through all distress your presence is calm
This goes to show I love my mom

"Be my girl friend" R&B and RAP song

CHORUS VOCALS

Lady would you be my girl friend

I just want to spend sometime with you

Lady would you be my girl friend

I just want to know you, can I get to know

VERSE ONE RAP

I know you vulnerable you seem to be exposed to the pain
from broken hearts that left you stranded in the storming rain
your the type to love deep the devotion demanded
but often times you dated that only took you for granted
I have suffered through the same kind of pain and such
I been betrayed so many times that I dont know who to trust
and then I met you on a lonely night, you were such a lovely sight
I knew with you that I would have to play my cards right
slowly as we conversated first you had you cards up
but once you seen that I was real gradually you opened up
you got emotional you even shed a tear
you told me thing about you past that it was hard for me to hear
cause pain it reflects me, your hardship it touched me
see me and you we got the same kind of pedigree
I know that we just met ~~but~~ yet we sharing all these secrets
if ever had your heart then I would keep it

"From the Heart" lyrics

Close your eyes and reminisce let us drift upon a memory
Thoughts of you and me and how we came to be
See when I met you there was never doubt
I had to have you to the point its all I thought about
So deep in lust, in us, I trust, that we can make it happen
You was fascinated deeply by the way I was rapping
Game tight late at night be in the studio chillin
I could see it in your eyes you was ready a willing
Made you smile all the while I got the digits and it was on
Sexy late night conversations on the phone
Many night we entertain over bottles of champagne
Thinking back to then I understand how we became
From lust it grow to love then we became as one
We choose to move ahead when it was all said and done
We got lost with in our own world every thing is me and you
And cant nobody make feel the way you do
"That's from the Heart"

pg 21

"lost love" Poem

A love so great yet blown in the wind
they say all good things must come to a end

A love so rich yet lost its treasure
they tell me its nothing that will last forever

A love strong yet grew so weak
we were once so close now we dont even speak

A love so sweet yet turned so sour
if it was never meant its really out of your power

A love so devoted yet it still broke a part
the hurt still remains and it pains my heart

A love so ^{alive} yet it died so hard
you was so shook that you was took off guard

A love so solid that lost ground in the storm
how could such a thing ever bring such harm

A love so grand though a lack there of
it make you have to question was it ever really love
